Title: Pax Government

Author: Lady Hester Tarian

I must file charges
against Traviata Reed of
the DWxC guild. The
charges are treason,
conspiracy to commit
murder, and assault. The
assault is against my
person. The treason is
against PaxOku city. I
hope that justice may be
done upon her so she
may turn from her
current path of
self-destruction.

Please send me
notice when I may
confront her and present
my evidence in this
matter.

of Tarian seal*
